## ANNOUNCEMENTS

## Sheriff.

The Times is authorized to announce Burl Reed, of Flat Creek Township as a candidate for the nomination for Sheriff on the Republican ticket, subject to the will of the voters at the August primary.

## Prosecuting Attorney.

The Times is authorized to announce Emory E. Smith as a candidate for the nomination for prosecuting attorney of Barry county on the Republican ticket, subject to the will of the voters at the August primary.

## OUR AUDITORIUM

A subscription list to secure subscribers for shares of stock in a community auditorium is being circulated. The plan is to organize a corporation and secure stockholders enough to construct a building that will seat about 3,000 people.

Such a building has been needed in Monett for fifteen years. At the present time there is no public gathering place. Here are a few of the needs for such a building:

1. Mass meetings for citizens.
  2. First class operas.
  3. Poultry shows.
  4. Berry meetings.
  5. Associations of all kinds.
  6. Live stock sales.
  7. Farmers' fairs.
  8. Basket ball games.
  9. Chautauquas.
  10. Lyceum courses.
  11. Political campaigns.
  12. Good roads meetings.
- Many other uses could be mentioned. Every citizen who realizes the need of a place to accommodate public gatherings of this community should buy stock. No one can own more than ten shares so no one can have a controlling interest.

Begin to talk and work for the sale of shares of stock so we can have our building for the big campaign year of 1920.

## CITIZEN

## SANITARY ORDINANCE

## DISOBEYED

An ordinance of the city of Monett says that any one who shall expectorate phlegm or spit tobacco juice or saliva upon any of the sidewalks of the city of Monett, or in the corridors or on the stairs of public buildings, or on the platform or floor of any public conveyance, shall be deemed guilty of a misdemeanor. This ordinance is continually disobeyed and in the interest of public welfare it should be rigidly enforced.

A noted doctor says that two important methods of fighting consumption are to make milk safe and to prevent spitting. He says that perhaps most consumptives are infected outside their homes and he advises that campaigns against spitting be pushed more actively.

People should be especially careful the time of year when colds, cough and pneumonia are prevalent. While the health crusade is on it would be a good time to push the campaign against expectoration in public places.
